With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts-rightly directed. There is comfort in the knowledge that so many forms of illness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs and Elixir of Senna, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact that it is the only remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is, Lierefore, all-important, in order to get its beneficial effects, to purchase and note that you have the genuine article, which is manufactured by the California Fig Syrup Co. only.

It is pleasant and refreshing to the taste, and acts gently yet promptly on the kidneys, liver and bowels, cleanses the system effectually, dispels colds, headaches and fevers and assists in overcoming habitual constipation permanently, also biliousness and the many ills resulting therefrom. The great trouble with all other purgatives and aperients is not that they fail to act when a single dose is taken, but that they act too violently and invariably tend to produce a habit of body requiring constantly augmented doses. Children enjoy the pleasant taste and gentle action of Syrup of Figs and Elixir of Senna, the ladies find it delightful and beneficial whenever a laxative remedy is needed, and business men pronounce it invaluable, as it may be taken without interfering with business and does not gripe nor nauseate. When buying note the name, California Fig Syrup Co. printed on the front of every package. Price, 50 cents a bottle.

The German Stage.

In commenting on the German stage and German actors, after a visit to Berlin, Sir Charles Wyndham says that while the German actors might be capable character portrayers, they could not give a proper representation of a gentleman, being incapable even of drassing like one. He said also that the modern problem play was far beyond the German actor's field of vision. A Berlin paper says that, while it may agree with Sir Charles as to the gentleman on the German stage, there seems to be no good rason for the criticism as to the problem plays. "The English people may keep their tailors," says the writer, "but we claim the superior actor."

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any are-breathing dragon. Germs can't be avoided. They are in the air we breathe,

the water we drink, The germ can only prosper when the condition

of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languar, restlessness, a sallow cheek,

a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomseh and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed.

"Golden Medical Discovery" contains no alcohol, whisky or
habit-forming drugs. All its ingredients printed on its outside
